# 博士优先录取推荐计划 & 香港博士研究生奖学金计划

## 2025年秋季入学 宣讲会

May 2024

# Welcome to Hong Kong

- Fact Sheet
  - Population ~ 7.4 million
  - Size: 1,104 km<sup>2</sup>

# Welcome to Hong Kong

- Hong Kong is a free and dynamic society where creativity and entrepreneurship converge.
- Strategically located in the heart of Asia, it is a cosmopolitan city offering global connectivity, security, and rich diversity, and is home to a unique network of people who celebrate excellence and quality living.

A City of **QUALITY LIVING**

**HONG KONG**

# Hong Kong Baptist University (HKBU)

Funded by the Government

Established in **1956** –  
the **2<sup>nd</sup>** oldest university in HK

**About 50** undergraduate and  
**Over 50** postgraduate programs

➡ **> 12,000** current students

# Department of Computer Science

**27** Professors with PhD degrees awarded by world-renowned universities in *US, Canada, Australia, Switzerland, UK, HK*

<http://www.comp.hkbu.edu.hk/v1/?page=faculty>

- 1 ACM Fellow
- 3 IEEE Fellows
- 2 IAPR Fellows
- 9 Top 2% Scholars by Stanford University

## Editor-in-Chief

- ACM Transactions on Recommender Systems
- IEEE Transactions on Emerging Topics in Computational Intelligence

## Associate Editors of various top-tier journals

- ACM Transactions on Interactive Intelligent Systems
- IEEE Transactions on Cybernetics
- IEEE Transactions on Information Forensics and Security
- IEEE Transactions on Knowledge and Data Engineering
- IEEE Transactions on Network Science and Engineering
- IEEE Transactions on Neural Networks and Learning Systems
- Proceedings of the VLDB Endowment (PVLDB)

Research Focuses

Data Analytics and Artificial Intelligence

Theme

HPC  
Center

HKBU-NIPD  
Joint Lab

HKBU-Nvidia  
Joint Lab

Blockchain &  
FinTech Laboratory

Infrastructure

# Artificial Intelligence and Machine Learning (AIML)

**Prof. Jiming Liu**

Associate Vice-President (Research Development) and Chair Professor

Data Analytics and Machine Learning, AI for Social Good, Complex Networks and Web Intelligence, Multi-Agent Complex Systems, Autonomy-Oriented Computing

**Prof. William Cheung**

Associate Vice-President (Undergraduate Programmes) and Professor

Artificial Intelligence, Data Mining, Social Network Analysis, Health Informatics

**Prof. Li Chen**

Associate Head (Research) and Professor

Conversational AI, Explainable AI, Recommender Systems, Human-Computer Interaction

# Artificial Intelligence and Machine Learning (AIML)

**Dr. Yifan Chen**

Assistant Professor

Computation in  
Machine Learning  
(Transformers, GNNs)  
Nonparametric  
Statistics  
Optimal Transport

**Dr. Bo Han**

Assistant Professor

Weakly supervised  
Representation Learning,  
Security, Privacy and  
Robustness in Machine  
Learning, Automated,  
Federated and Graph  
Machine Learning,  
Interdisciplinary Problems

**Dr. Liu Yang**

Assistant Professor

Artificial Intelligence,  
Machine Learning,  
Computational  
Epidemiology,  
Infectious Disease  
Modeling

**Dr. Lu Zhang**

Assistant Professor

AI in drug discovery (small  
molecule, Aptamer,  
Chinese Medicine), AI in  
genomics (use deep  
learning to decipher the  
genome of viruses and  
bacterial)

# Big Data Analytics and Management (BDAM)

**Prof. Jianliang Xu**

Head and Chair Professor

Big Data Management,  
Blockchain,  
Mobile/Pervasive  
Computing, Data Security  
and Privacy

**Prof. Byron Choi**

Associate Head (Teaching  
and Learning) and  
Professor

Graph queries, database  
securities, time series analysis

**Dr. Xin Huang**

Associate Professor

Data Management, Big  
Graph Mining &  
Visualization, Social  
Network Analysis, Privacy-  
Aware Computing

**Dr. Ma Jing**

Assistant Professor

Natural language Processing,  
Information Verification,  
Opinion mining, stance  
detection, Explainable  
Machine Learning, Question  
and Answering, Dialog System

**Dr. Renchi Yang**

Assistant Professor

Graph query processing, web  
search, social network  
analysis, graph representation  
learning

# Computer Vision and Pattern Recognition (CVPR)

**Prof. Pong Chi Yuen**

Associate Dean of Science (Teaching and Learning) and Chair Professor

Human face recognition, Biometric security and privacy, Intelligent video surveillance

**Prof. Yiu Ming Cheung**

Chair Professor

Machine Learning, Visual Computing, Data Science, Pattern Recognition, Multi-objective Optimization, Information Security

**Dr. Jie Chen**

Assistant Professor

Computational Photography, 3D Vision, Motion, Art Tech

**Dr. Renjie Wan**

Assistant Professor

Computational Photography, 3D Vision, AI security

**Dr. Kaiyang Zhou**

Assistant Professor

Computer Vision, Machine Learning

# Distributed Systems and Networking (DSAN)

**Prof. Yiu-Wing Leung**

Professor

Networking,  
Cloud computing,  
Internet computing

**Dr. Henry Hong-Ning Dai**

Associate Professor

Internet of Things,  
blockchain, and  
big data analytic

**Dr. Juncheng Wang**

Assistant Professor

Networked Systems,  
Mobile Communications,  
Online Learning and  
Optimization

**Dr. Amelie Chi Zhou**

Assistant Professor

Parallel and Distributed  
Systems, Cloud  
Computing, High-  
Performance  
Computing

# PROFILE OF FACULTY MEMBERS

<https://ychen-stat-ml.github.io/docs/hkpfs2025-HKBU.pdf>

# World-class Research Facilities

- **Desktops**

- Each new student provided with a desktop with RTX4090/4070 GPU card

- **GPU Clusters**

- 1 Nvidia DGX server with 8 Nvidia Tesla A100-SXM4-40GB
  - 6 GPU nodes with 24 Nvidia Ampere A100-80G
  - 2 GPU nodes with 4 Nvidia Ampere A100-40G
  - 1 Huawei AI server with eight Ascend 9100 NPU-32G

- **Big Data Cluster**

- Hadoop + Spark
  - 5 dual-Xeon servers with 120TB of storage

- **Research Cluster**

- 26 dual-Xeon and 6 dual-AMD EPYC servers
  - Attached with 1PB storage system

# PhD Program Structure

- Normal period of study
  - 4 years
- Requirement: 22 units of coursework + research project
  - Typically, 3 units @ course
- **Guaranteed overseas exchange**
  - 1-6 months research in an overseas university or research laboratory
- **Overseas post-doctoral scheme**
  - Support fresh graduates to gain more research experience at renowned overseas universities or research institutes for half to one year

# PhD Admission – Three channels

## 1. Early Admission Scheme (COMP)

- ~~Deadline: 15 June, 2024~~
- Results notification: 12 July, 2024
- Apply via department website: <https://www.comp.hkbu.edu.hk/phd-eas>

## 2. Regular Track (HKBU)

- Two deadlines (tentative): 1 December, 2024; 15 April, 2025
- Apply via university website: <https://gs.hkbu.edu.hk/admission/research-postgraduate-programmes/application>

## 3. Hong Kong PhD Fellowship Scheme (HKPFS)

- <http://www.comp.hkbu.edu.hk/hkpfs/>

# Scholarship and Financial Support

- Studentships are provided to full-time PhD students
  - Current stipend: **~HK\$18,500 per month** for 4 years
- Financial support for carrying out research-related activities such as attending overseas conferences
  - **At least HK\$60,000** during the study period
- More details:  
<https://gs.hkbu.edu.hk/programmes/doctor-of-philosophy-master-of-philosophy-department-of-computer-science>

主頁 > 現屆學生 > 研究式研究生課程 > 學生支援 >

## Research Studentships

The studentship is a scholarship to support full-time research students financially. Applicants of research postgraduate programmes are **not** required to apply for studentships because studentship is awarded on the basis of academic merit. Offering of studentships is subject to academic departments' decision. The current studentship carries a **monthly stipend of HK\$17,820 (post-candidacy HK\$18,320 for PhD)\***. Studentship recipients are expected to follow the terms and condition, have satisfactory academic progress, and perform duties assigned by Departments. Part-time students are not eligible for studentships.

\*Stipend rate in 2020/2021 academic year. The rate is subject to regular review.

# Hong Kong PhD Fellowship Scheme (HKPFS)

Established by the HK Research Grants Council (RGC) with the aim to attract **the best students in the world** (e.g., **national scholarship awardees** and/or **top 5% of the class**) to pursue their PhD studies in Hong Kong's institutions

HKPFS Applicants	Scholarship
Nominated by HKBU and awarded by HK Government	<b>HK\$1,920,000</b> during 4-year PhD study (plus up to <b>HK\$350,000</b> tuition fee waive & overseas conference/attachment support)*
Nominated by HKBU but not awarded by HK Government	<b>HK\$960,000</b> during 4-year PhD study (plus up to <b>HK\$60,000</b> overseas conference/attachment support)*

\* Visit <http://www.comp.hkbu.edu.hk/hkpfs> for a detailed breakdown

# Why Applying HKPFS via COMP-HKBU?

	HKPFS	Additional Support by HKBU and COMP
Tuition Waiver # (#HK\$42,100 per academic year)	Nil	First year <b>tuition waiver</b> ; <b>tuition waivers</b> for second to fourth years of study subject to satisfactory academic progress
Stipend	HK\$993,600	Additional <b>HK\$926,400</b> for 4-year study
Support for Research-related Activities	HK\$41,400	Additional <b>HK\$60,000</b>
Support for Outstanding PhD Graduates	Nil	<b>Postdoctoral Research Fellowship</b> for furthering research in the top overseas universities

# HKPFS application: Timeline (tentative)

- **1 September 2024:** Application starts
- **1 December 2024:** Application deadline
- **Late-March 2025:** RGC announces result
- **April 2025:** Make offers and confirm acceptance with awardees

**Note:** You may contact interested supervisor in our department for the preparation of application materials.

Please refer to our departmental website for the up-to-date information:  
<http://www.comp.hkbu.edu.hk/hkpfs/>

# Where Our PhD Graduates Go?

HUAWEI | NOAH'S ARK LAB

CHINESE CENTER FOR DISEASE CONTROL AND PREVENTION  
NATIONAL INSTITUTE OF PARASITIC DISEASES

# Ye Mang (PhD, HKPFS Awardee, 2019)

- Now: *Full Professor, Wuhan University*
- 海外优青
- Open-world visual learning and its applications in multimedia analysis and reasoning (**7,400+ citations**)

# Shi Shaohuai (PhD, 2020)

- Now: *Full Professor, Harbin Institute of Technology, Shenzhen*
- 海外优青
- Performance benchmarking for deep learning frameworks (**2,300+ citations**)

# Shao Rui (PhD, 2021)

- Now: *Full Professor, Harbin Institute of Technology, Shenzhen*
- 海外优青
- Computer vision and multimodal learning (**1,100+ citations**)

# The position of HKBU CS

- Small size -> low QS rank, while still the same as HIT
  - Powerful faculty, comparable to PolyU and CityU
  - Academia/Industry will not differentiate PolyU/CityU/BU, especially when you have some publications
- Attractive placement
  - Outstanding publication record (which depends on both the students' effort and the advisors' help, e.g., see Prof. Bo Han's students, <https://bhanml.github.io/group.html>)
  - Last year, one three-year PhD student graduated and is now an SJTU assistant researcher (<https://www.comp.hkbu.edu.hk/~csxlzhu/>, BS in math from ECNU)

# The position of HKBU CS (cont.)

## 港中大深圳与港科大广州助理教授如何选择?

接下来从两校Phd的角度去考虑

接下来的话不喜勿喷: **不建议任何学生赌上自己的academic journey去两个学校读博。。。**

可能有的学生会问: 读博不是看导师吗, 为啥要看学校。这句话其实只对了一半, 诚然CUHKSZ, USTGZ有很多好老师(指学术高产+性格好)。但是问题是其他学校也有很多好老师, 而且比例可能只高不低。

从faculty学术论文的产出来看 CUHKSZ 略大于 USTGZ, 但是二者的水平都远远低于 香港top3 也低于cityU和polyU<sup>Q</sup> 综合水平可能接近香港浸会。希望大部分申请的学生认真去看一下 香港浸会的 **faculty水平和毕业生出路 不吹不黑真的比 CUHKSZ要好上不少。**

就是首先这个评价体系是肯定没有问题的 这种叫做学术声誉 (reputation) 东西需要时间积累 不能用\*一两个\*个例来代表。这里cite 一个交大教授的回答。[zhihu.com/answer/228217...](https://www.zhihu.com/answer/228217...)

CUHKSZ,USTGZ为新学校目前就是缺乏学术声誉的积累。

除了学术方面, 政策上两个学校都是吃力不讨好。首先大部分的海归学校博士 都有各种人才计划的政策福利, 这点上两个学校因为缺乏教育部认证所以无法享受其福利, 包括钱, 购房, 购车等。当然这个可以花几年刷一个博后去make it。

- In general, better than HKUST-GZ and CUHK-SZ
  - Overseas experience, HK PR
  - 4-year or even 3-year PhD program
  - Guaranteed funding for overseas visiting
- Other opinions:
  - <https://www.zhihu.com/question/550524521>
  - <https://www.zhihu.com/question/524933150/answer/2418798252>

## 985申香港浸会phd求建议

本科中九cs，个人有点想去hkbu方向非常合适的强组读phd，唯一担心的就是学校排名，但是组里也有很多本科中九去的👉想知道学校排名的作用到底有多大（作为对比，现在手头有华五的优营，但是还没联系导师）

真心求建议👉#PhD申请 #香港浸会大学

海鸟奇兵

回复 momo: 跟徐老师的话没啥好犹豫的，血赚

# Think twice before you accept the offer

- Observations:
  - Literally, no happy PhD students in \*\*\*U CS
  - Some \*\*\*U students even can meet the PhD graduation requirements when they start their PhD, while still have to take more years to graduate
- Key points:
  - Will the advisor allow you to do internship / visit other institutions?
  - Will the advisor allow external collaboration?
  - Will the advisor allow you to explore new directions besides his/hers?
  - How big is the group?
    - A PI of a large group can easily admit a large bundle of students, while pay very little attention to each. (Unlike in mainland, usually there is no other junior faculty in a PI's group in HK.)
    - In \*\*\*U CS, some PIs maintain a group of size 60-100. Naturally, most students in a department are in such groups.

Thank you for your attention!

Q & A
